

## MILAN S. MORJARIA

Born in East Africa, brought up in India and educated in England, Milan enjoys a very multi cultural upbringing. His father was an entrepreneur with established business in Tanzania and India and his youth was a shuttle between the shores of Dar es Salaam and Mumbai.

Early schooling at Campion School in Mumbai and Mayo College, Ajmer, Milan completed his O and A levels in England at Clifton College, an English Public School. After graduating from the London School of Economics in the summer of 1988, he joined the financial services industry at Citibank N.A. in London.

Milan started his career as a graduate trainee and subsequently worked for the next two decades with Citi as a currency trader, investment advisor, private banker and business manager for Citi's Global Wealth Management business. His most recent assignment was Managing Director for Citibank (Switzerland) focusing on their Ultra High Net Worth and Family Office client franchise.

In 2010, Milan founded MSM Investment Advisors S.A., a multi family office platform dedicated to providing global families with financial advisory and investment management services.

Milan believes that recent events that shook the financial services industry coupled with increasingly challenging and intrusive regulatory changes requires wealthy families to fundamentally change their approach to managing their wealth.

Milan is married to Arpana, has two children and lives in Geneva. Children's education and health has always been close to his heart and Milan adds to his existing charitable ventures by becoming part of Treasure and looks forward to playing a role in its continued success.
